Charity Fundraiser for the i² Choir and The Penguin Project

This year our popular event takes a new turn, as we invite special guests the i² Choir, an inclusive and intergenerational choral ensemble that provides music-making opportunities for individuals of all abilities. They encourage “singing teams” who sing with and support family members and friends with a variety of physical, sensory, and cognitive challenges. We will also spotlight and take a freewill donation for the i² Choir and The Penguin Project. Join us for an evening of fun, great music and fabulous desserts!
Montreal Guitar Trio  
*Sunday, December 3, 2017—7:00 p.m.*

Hailed as the “hottest” guitar ensemble in Canada, MG3 has quickly established itself as a force to be reckoned with, displaying a diverse repertoire that spans everything from fiery Spanish music to spaghetti Western theme songs, to the rock classic *Tom Sawyer* by *Rush*! For over 18 years, the trio’s virtuosity, creativity and impressive stage presence and humor have been winning over audiences around the world. You may think you have heard guitar music, but you haven’t heard these guys!

“…Their debut in Germany was one of the most unforgettable events in the festival’s history... The audience applauded and didn’t quiet down until the event organizer promised to engage the Montreal Guitar Trio again next year.”

Hymn Festival with John Ferguson
Sunday, March 4, 2018, 3:00 p.m.

In collaboration with Lincoln Organ Showcase
Featuring the First Presbyterian Choir
and instrumentalists,
Dr. Brian Pfoltner, conductor
with special guest choir,
the Presbyterian Church of the Cross
Chamber Singers,
Kristi Treu, conductor

It is difficult to think of a hymn festival without associating the name of John Ferguson with the experience. Each year he is invited to design and lead such events in churches across the country and the world, as well as at regional and national conventions of the American Guild of Organists and the American Choral Directors Association. Although himself a Lutheran, his festivals are ecumenical celebrations drawing upon the greatest treasures of Christian song from many centuries, traditions, and styles.
At the dawn of the 21st century, humanity has arrived at an extraordinary Crossroads. The Crossroads Project brings the power of performance art to bear one of the great conversations of our time — humanity’s growing unsustainability and the possibility for a truly meaningful response. This multi-disciplinary performance by a physicist, a composer, visual artists, and a string quartet, combines artistic and scientific voices in response to one of society’s greatest challenges—global sustainability and climate change. It takes the audience from intellectual understanding, to visceral experience, to courage and resolve. Powerful.
