Event on Website	<ul style="list-style-type: none">•As soon as you plan an event get the info to Maria and she will create an event on the website

Consider asking Maria to help with a promotional video for the website or Facebook pages, a press release or article for the Lincoln Journal Star or other local publication, or other advertising thru radio or other means. The more ways we can get word out about what we are doing, the more people we can reach, and the more our church will get known in the community.

Make sure you have someone designated to take pictures at your events! If you want Maria to take pictures, you need to ask her several weeks in advance so she can put it on her calendar.
